I LAUGHED WHEN MY ROOMMATE TOOK NoDoz"

"No gill can stop you from flunking out," I asserted, "Well, he's there. And here. Take warning from my sad case!"

Actually, our young warrior is right. NoDoz can't work miracles. But it can help, any time you're drowsy or tired. For example: A couple of NoDoz can wake your mind and help you remember facts to exam time, or NoDoz can wake you up when you have to get up next morning.

When driving makes you drowsy, NoDoz can bring you back to life. It's a good lecture to your attention and NoDoz can't go wrong. It's a good thing before bedtime, too. Like NoDoz, it's your friend.

NoDoz. The scholar's friend.
