

Composition: Electronic Media II
Spring 2009
Assignment 1

1. To be presented in class on Feb. 12, 2009.
2. Create a folder and place your soundfiles A-H.
3. Build a patch like the one below, but so a) that it plays all 8 sound files, instead of 4, b) it uses transposition levels of your own choosing.

Consider the following:

- a. The sfplay~ components.
- b. The speed 1\$ components.
- c. The metro components.
